

UNIVERSITY OF NEW MEXICO

## NANO SCIENCE & MICROSYSTEMS ENGINEERING RESEARCH EXPERIENCE FOR UNDERGRADUATES

May 30<sup>th</sup> – August 4<sup>th</sup>, 2017

# UNM NSMS REU

The UNM REU Program is a 10-week Research Internship in Albuquerque, NM. Students work closely with their mentors on cutting-edge projects in Nanoscience and Microsystems, as well as other exciting research areas.

The UNM REU Program includes:

- \$5,000 Stipend
- On-Campus Housing
- Up to \$600 of Travel Expenses
- Recreational Activities such as White Water Rafting, Hiking, Tour of Los Alamos National Labs, and other trips.

Eligibility:

- Must be a U.S. Citizen or Permanent Resident
- Currently enrolled in a College or University (preference given to Sophomores and Juniors)
